1400 Organization of Board

1420 Members of the Board

1422 Orientation of New Members

Membership and service on a school board is considered to be one of the highest acts of citizenship in our American democracy. It offers qualified citizens an opportunity to promote the interests of education and thereby the welfare of the community and the nation.

Declared candidates for election to the board are invited to attend meetings prior to the election and the start of their term of office. Newly elected members are provided with every assistance to become acquainted with the school district and the duties of a director.

New members may upon request be furnished with copies of the board agendas covering the past two or three years. They are encouraged to review the minutes and other reports and bulletins of recent origin.

Several textbooks and pamphlets pertaining to the work of school directors may be secured by the secretary of the board for the convenience of new members.
